

LARSEN STRINGS ^{A/S}

Larsen Strings A/S, Elholm 6 A, DK-6400 Sønderborg, Denmark

Information Sheet

The Larsen Virtuoso® for Viola

A Complementary Balance

With the development of our new Virtuoso Viola strings the focus has been upon creating a new offering for viola D, G and C, built upon the firm foundations of our tried and trusted A. Finding a balance of qualities to complement and mutually enhance something old with something new:

'A golden, open and clear tone with a nice balance of warmth and brilliance.'

The new Virtuoso for Viola, available as individual strings or as sets in Medium and Soloist variants, achieves that complementary balance. The Medium set delivers a rich sound texture whilst the Soloist is more focused and brings greater volume to the instrument.

String Details. The Original Viola A string is based upon a solid steel core, wound with precision rolled stainless steel flat wire. The Virtuoso Viola D, G and C strings build upon a synthetic multi-filament core and are wound with pure silver.

NEW Now Also Available in a Longer Scale

Virtuoso Medium Viola in D, G and C are now offered in a longer scale for larger instrument with a longer free vibrating length. Our Original Viola A already accommodates the longer scale.

Our Original A Medium is supplied as the ideal partner for both Virtuoso Medium tension, Soloist and Long Scale combinations packaged as sets.

Larsen Virtuoso for Viola	Medium kg/lbs	Soloist kg/lbs
Type	Tailpiece/Peg Silks:	
A Original Ball	  8.2/18.1	 8.2/18.1
