

# LARSEN STRINGS

for Cello — *'It's all about the music'* —

## Larsen Fractional

### Keeping all things in proportion

Our aim is to offer Larsen cello for smaller instruments without compromising the Original Larsen sound. Our fractionals are purpose designed, perfectly proportioned versions of our full size Originals. For the first time ever, this set of strings enables uncompromised power and sound quality similar to that of full sized quality strings.

### String Details

The same high grade steel cores wound for A and D in stainless steel flat wire, while G and C are based on a concentric multi-stranded steel core wound with high grade tungsten. All supplied bespoke for 3/4, 1/2, 1/4, and 1/8 size cello.

Aiming for sustainable solutions: at Larsen Strings the aim is to progressively work toward sustainable solutions in the way that we operate as a company. Some steps are small and some, such as our decision to upgrade to a CO<sub>2</sub> neutral electricity plan are larger steps towards our destination.
